

BODEGAS FRONTONIO

The Garage Wine

El Jardín de las Iguales

MACABEO 2019

«Bringing back a valley's pride»

DESCRIPTION

Every wine grows from the soil and El Jardín de las Iguales' is truly one of a kind. Bodegas Frontonio was given the privilege to acquire such a precious piece of land. These vines are so sensitive that they get to connect with their caretaker. We have so decided to guide our actions based on respect and comprehension. At the end of the day, people come and go, but the land remains.
